'Stacey' and 'Leslie' Abrams aren't as obvious because they're obese, but almost certainly XY once you look into it. It looks like the whole trans thing comes from satancucks worship of baphomet - messing with male and female, man and beast (bestiality, then mixing man/animal genes, then pedophilia are next 'social progresses' for 20's, 30's, etc.). Also! - Billy and Mel Gates are both legacy satancucks - hormone blockers and surgeries/mixed up genders from birth probably.

My 'Transdar' is on fire lately. Watching 'Dawsons Creek' and the gay director hired a bunch of transwomen (e.g 'Morgan' played by Deborah Kellner, 'Gretchen' by Sasha Alexander) who are listed as women on google/wikipedia/etc

The head to shoulder-width ratio is the easiest and most reliable metric. 2.5-1 for men and 2-1 for women but you need a photo/paused video of them directly facing the camera, and they always have clothes, photographers and angles in such a way to make their masculine features less obvious - whoever was in charge of hiding Bike Mike's package really fucked up on that Ellen show.

Now I spot most of the plants upfront just from the face, then pause and measure across to confirm. I know they're mentally unwell and need help, but I just don't like being lied to.

Edit: Oh you meant 'she' aint no lady totally different to how I meant it lol. Didn't even realize.

Those biological tells dont work for all women. The ring finger/ index finger thing first apply to me, and I've birthed 3 kids lol.. so it might indicate but be careful cuz there's nothing more insulting for a woman than to be called a tranny lol

That's why you base your assumptions on multiple factors such as hand size, finger length, shoulder size, hip to shoulder ratio, skull size, etc. One indicator can be wrong sometimes but all of them wont be

That metric is known to be unreliable, shoulder width to head width is very reliable and obvious - even if they're obese the head and shoulders will get proportionally wider so ratio remains the same.

I first learnt about this years ago from a couple who worked as PI's and put up a 20 minute video about Big Mike - there was at least 2 dozen scientific data points proving the XY body type of 'Michele' Obama and even had his high school photo - but the video was censored to hell and I didn't save it.

I'd never call a real woman a tranny don't worry. The % is much higher in hollyweird and degenerate cities/communities, I've seen so few trannies in real life lol - they're super rare in regular towns.

There is no helping these people. We live during a time of peak information distribution. Almost everyone has a smart rectangle in their pocket they can use to look up anything, ever.

And yet here we are. Joe Biden has been the most unenthusiastic, and quite literally the oldest, person ever elected to the office. The USA as you might've thought in your head is no more. The Founders are turning in their graves. Pathetic.

If you step out of line AKA refuse to tow the progressive religion line in any way, especially as an individual, they can and will PNG you. It's been happening for the last 4 years under our guy. Now imagine how what they will do under "their" guy. Welcome to chyna. Don't get comfortable.

They have been censoring ONLY Conservatives from all main social media platforms; they put you under house arrest and told you you cannot work; they stole an election in broad daylight and rubbed it in your face. Now they are putting you on lists to blackball you from employment for having the "wrong" politics.

Question is, if Jan 6th when they certified their middle finger EFF YOU into law after keeping you under house arrest for a year without work wasn't the single point to snap and kick off the Revolution, whatever will be?

As long as lazy unmotivated people who IMHO make up way too much of the population have internet access with plenty of relatively cheap entertainment and food access at home, nothing will change. I know way too many people who are fine with being subjugated and slaves as long as they have their internet, video games, and streaming services. It's really quite sad. It also doesn't help that huge swath of the population is medicated in at least one way and many in multiple. 🙄

They know folks, they know Trump won this, by a lot. And they they are stupid enough to believe the can erase his win from our minds.

🤔 if you think moving on is an option even if we were sad and pathetic enough to take it, you haven't been paying very close attention. The left is evil and out for MORE blood, and they will have it no matter what. The only question is how many of us will allow them to have it without taking some of our own in return. Once again, the left is not going to let anyone who doesn't tow the progressive religion move on. They will be subjugated and/or killed.

And they left...these Frens were in awe of the moment. No one stormed and rioted. Nothing broken. Frens were ready to just occupy. And then we were attacked but Being a patriot means signing up for persecution and loss of everything.

Right, and the media is trying desperately to ignore the overwhelming number of people who were peacefully protesting. They could give both sides of the protest but we know they are pushing a narrative and don't want the

image of 100s of thousands of supporters waving flags and holding up signs showing love for the president and anger over having our election victory erased by outrageous amounts of illegal activity. It's our job now to make sure that people see this.

Did you even watch any of the Ashli videos before she was shot, dudes breaking windows, beating on doors, breaking into offices? Trying to revise history to make us Saints is not the right way. If violence was wrong, we should call out those of us who did that violence and turn them in. That's what Trump told us, he said it was wrong (if you believe the vid). If it wasn't wrong, and was Just, we should stand up and acknowledge that and honor our heroes that did exactly what we said they should do for the last two weeks! We can't fucking at both sides like this, it's bullshit. Accept the choices we make, own up to them, be fucking MEN.

You are looking at pics. I was there. We were waved in by Police and treated the place like the Smithsonian. STFU... These people including that Veteran were think adults who said this is our house.

Not for a second can any of this be compared to PANTIFA for the past year. Do not disrespect this woman's death or her choice. She choose freedom.Thank God the founding fathers didn't think like you.

Interesting side note however, John Paul Jones of Zeppelin chose his name after the naval commander that he is talking about.

We awake to a new dawn this morning

Democrats are trying to criminally charge Donald Trump for "inciting riots "once he's no longer president.

This had nothing to do with storming the capitol and cops letting us take a tour of the building so they could shoot one of us in the head with 2 cops standing just behind her.

They are gaslighting hard and what do most of us do - expect the left and the press to understand we won't let this country fall.

But then we did. Who will lead us to victory cause this country is here.....first they will burn our books. Then they will take our guns. Then they will take our freedom. Wednesday was our best shot and we were disorganized, unprepared and fell right into their trap.....again.

This is why they win. I'm not faulting you at all, I promise.

We have responsibilities and jobs that we have to get home to. The left can take over the CHAZ and stay there for weeks because they have zero responsibilities.

If we had 100k in the capital for 2 weeks, they'd have to respond.

What was won by occupying CHAZ? What was won by all the burning and looting? We had an election that they lost resoundingly and only are in this situation because they had to rig it in numbers so ridiculous that it couldn't be hidden.
